Subject Comment on American Crossroads Advisory Opinion Request

Dear Sir or Madam,

It should be obvious to anyone paying attention that Karl Rove is attempting to make a mockery of the laws governing America's electoral system. Would you please preserve what is left of the integrity of our electoral system and DENY Mr. Rove's request to feature members of Congress up for re-election in his Super-Pac's TV ads.

You know and I know and KARL ROVE KNOWS that he is requesting you to allow him to run ads that are "coordinated communications". Any reasonable person can make this distinction, and Mr. Rove should be ashamed of himself for even asking your leave to do so.

In closing, I really hope Karl Rove hasn't already bribed you. Please make the obvious, legally correct decision and DENY Mr. Rove's request.

Sincerely,

Anthea Knapper,
Paralegal and American Citizen
